

# La Communication industrielle et Industrie 4.0

## HMS Industrial Networks

**ALAOUI Toufik**

Area Sales Manager Embedded Solution

mta@hms.se

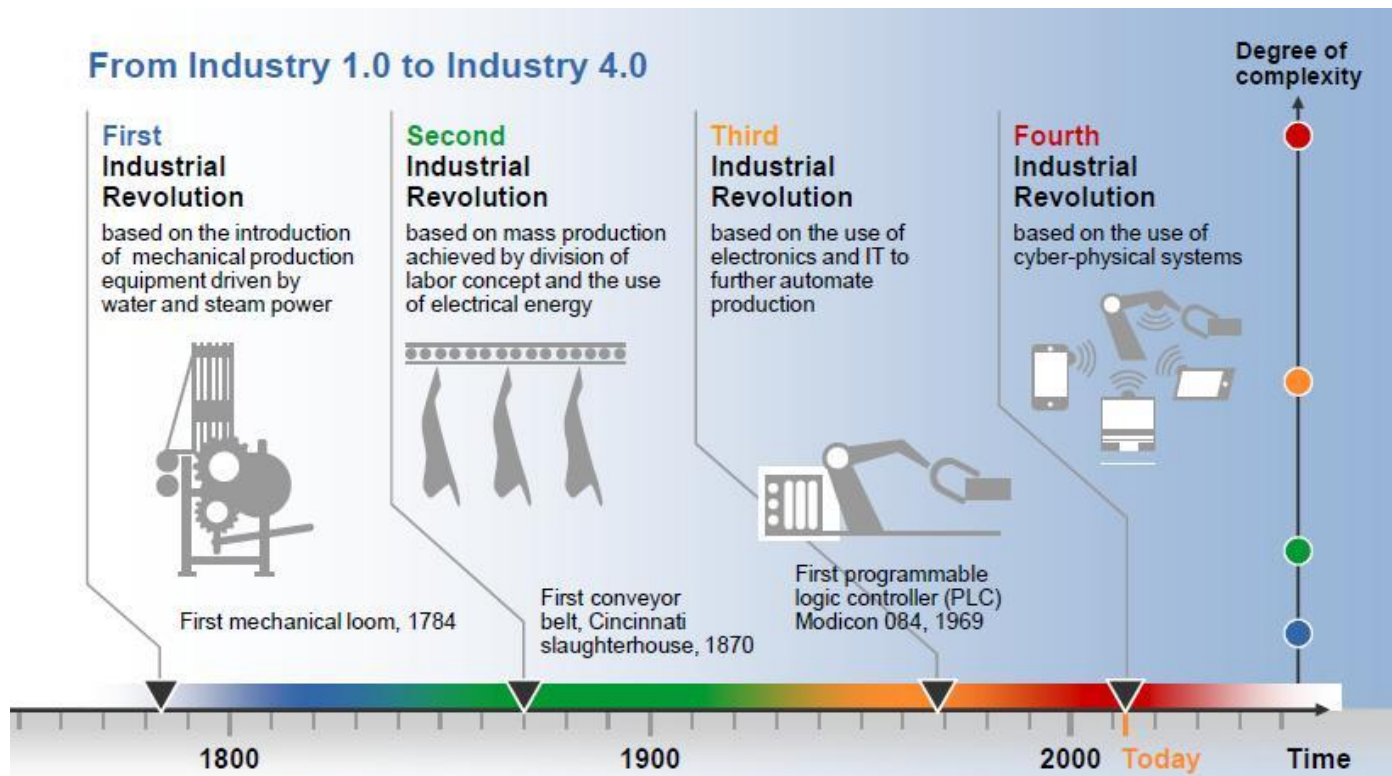

# Introduction

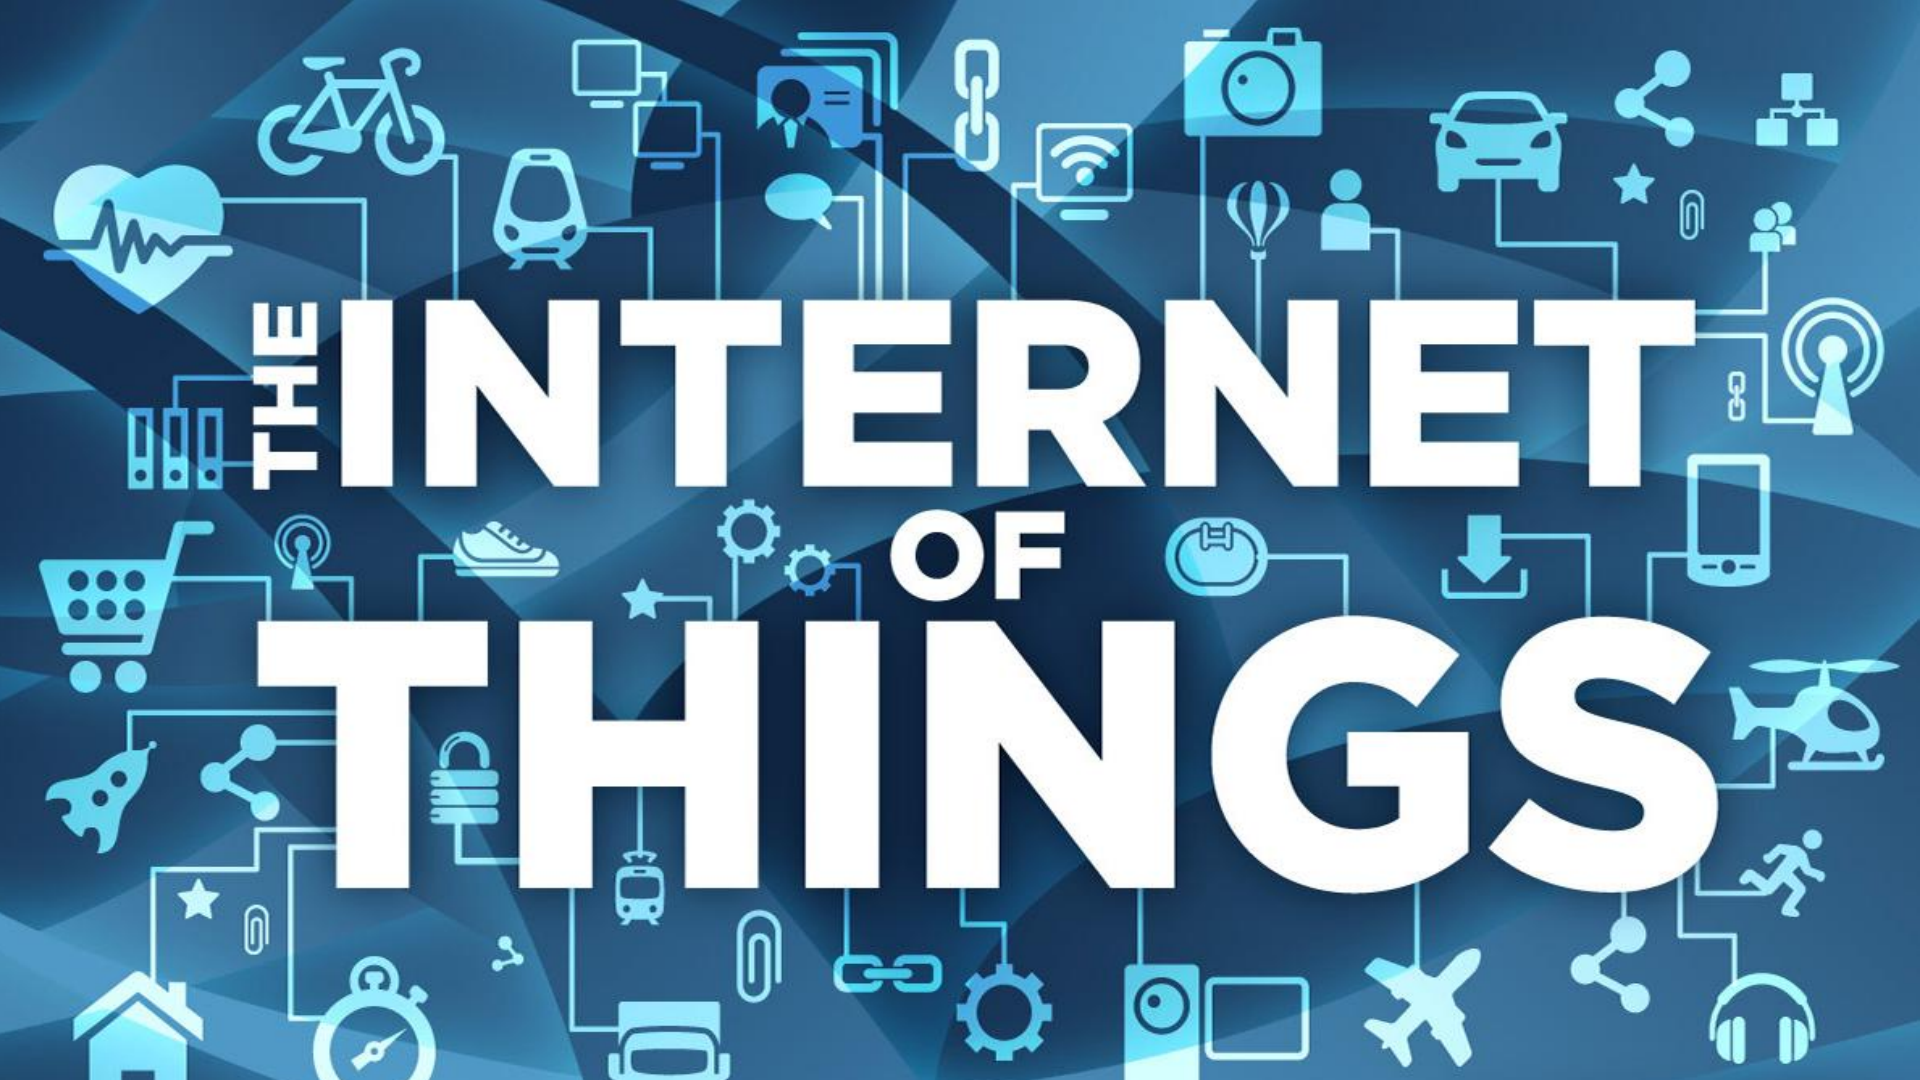

## Qu'est-ce que l'industrie 4.0?

- Qu'est ce que l'industrie 4.0?
  - Numérisation de l'usine
  - Personnalisation de la production et flexibilité de l'usine
  - Une usine économe en énergie et en matières premières

# THE INTERNET OF THINGS

## Un lien entre deux mondes

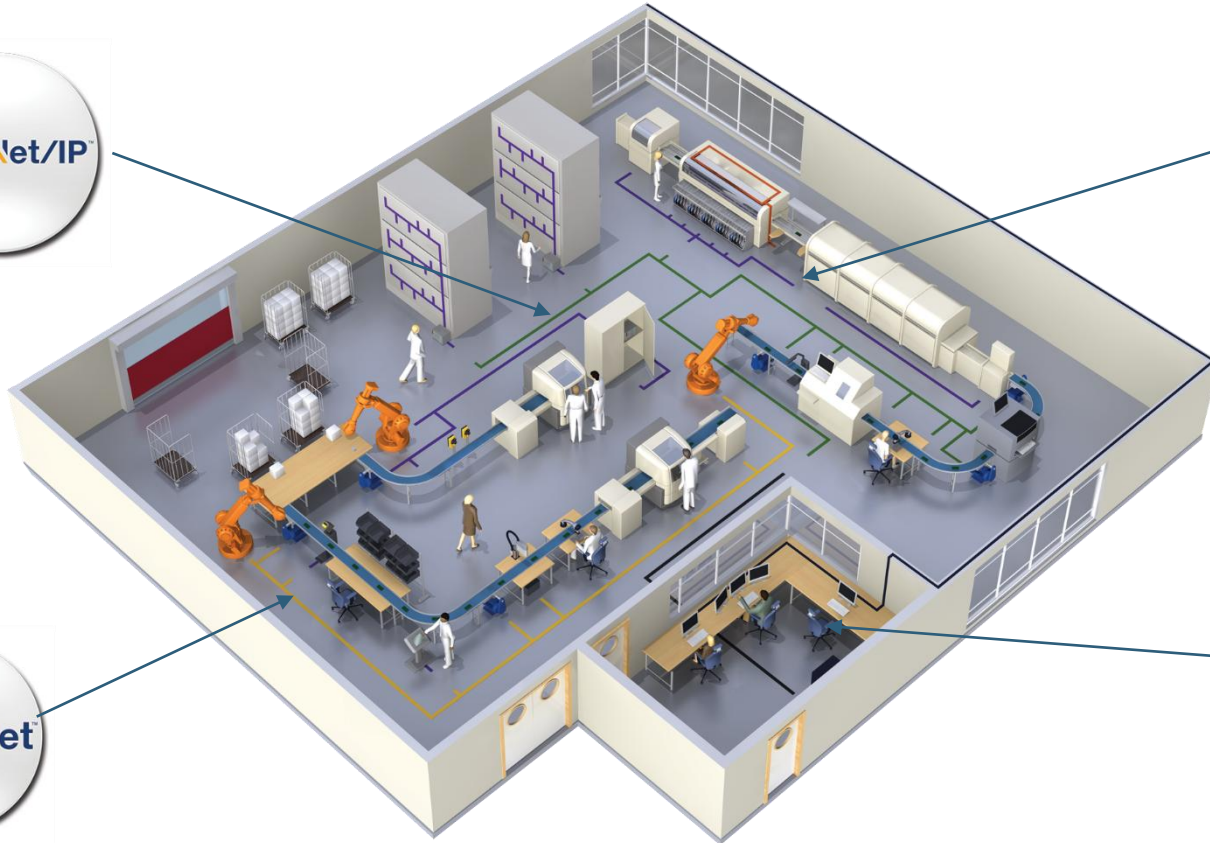

### Information Technology (IT)

- *Business Management*
- *Cloud applications*
- *REST API's*
- *Object oriented data*
- *Meta tagged data*
- *Pushed / streamed data*
- *Data management services*
  - *Data filtering*
  - *Data analysis*
  - *Data integration*
  - *Reports*

### Operations Technology (OT)

- *Industrial protocols*
  - *RS232/RS485*
  - *CAN*
  - *Fieldbuses*
  - *Industrial Ethernet*
- *Proprietary protocols*
- *Industrial hardware specs*
- *Industrially encoded data*
- *Industrial certifications*
- *Determinism*
- *Safety standards*

# Les marques et solutions

Connecting Devices™

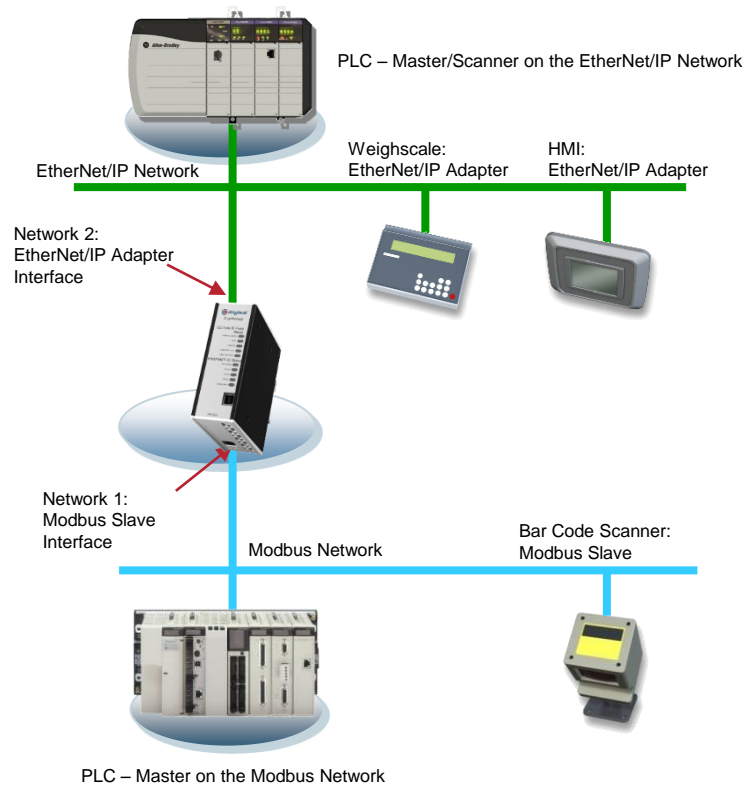

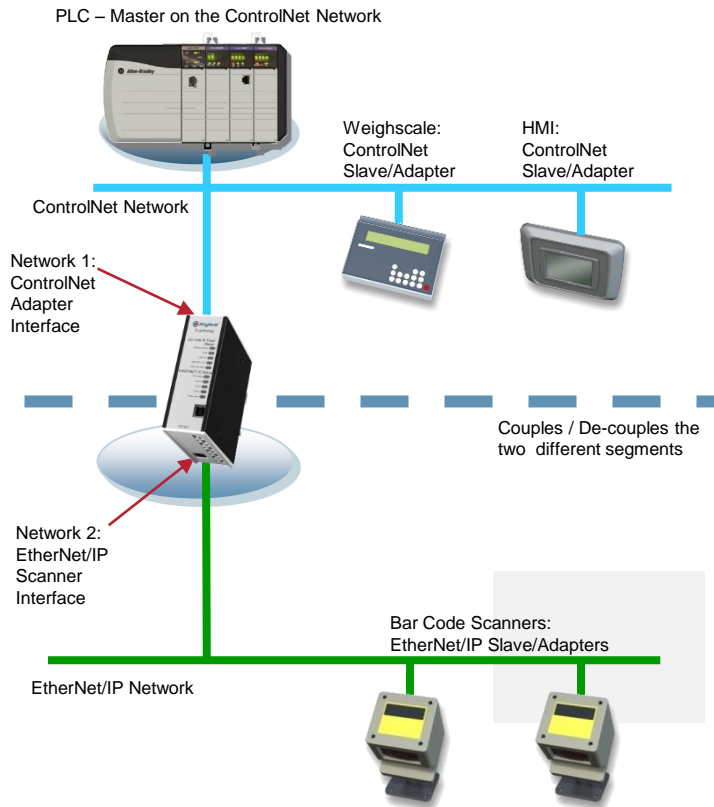

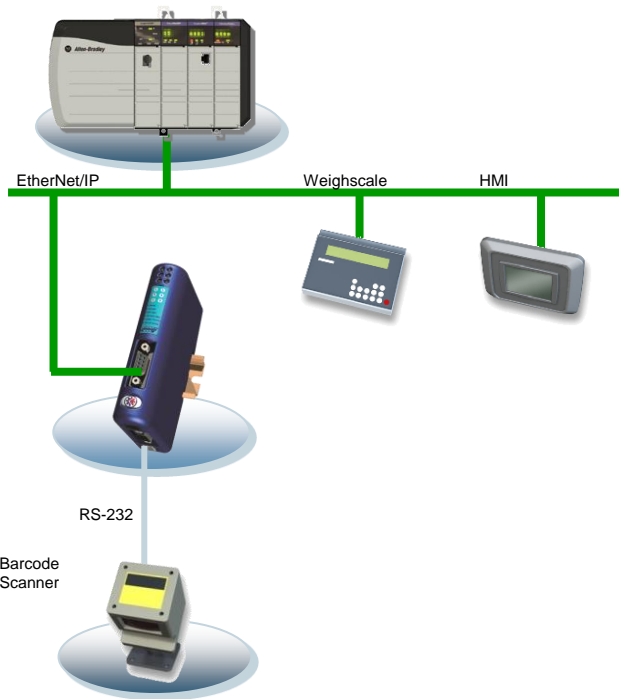

## Selection des réseaux

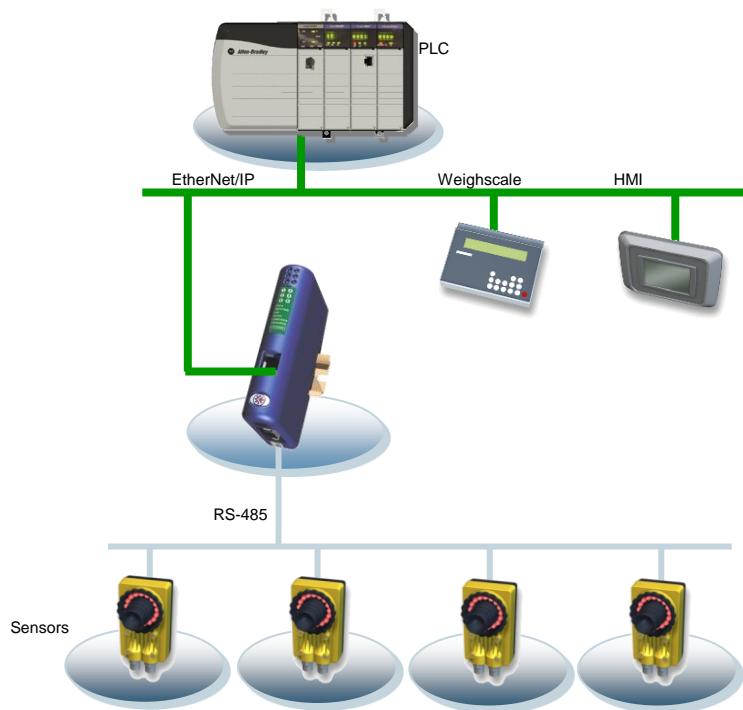

200 combinaisons d'X-gateways différentes.

**Single Drop Mode ( 1 node )**

**Multi Drop Mode (Up to 31 nodes)**
